

PETITION COURT FOR PAPER BALLOT

Representatives of Democrats and Progressives Will Continue Fight for Choice.

REASONS FOR ACTION

Compulsory Use of Machine Will in Several Districts

Disfranchise Voters.

Arrangements are being made by a committee representing Democratic and Progressive workers for a petition to the supreme court to grant an order to the county commissioners provide for ballots and voting booths in all parts of the county, including those which the county commissioners have refused to use of voting machines.

It is likely that a petition asking for such a ruling will be filed with the supreme court today.

Orders for such an order will likely be named in the petition among others that the voting lines do not give the qualified elector an opportunity in which to register, true expression of their political preferences. One must be allowed each in which to cast his ballot. The order will not only contend that the most intelligent voter cannot stand by the machine in the length of time, but that if this time is allowed many of the voters nearly be disfranchised, because of time during the day in which to vote.

Ballots are open from 7 in the morning until 7 at night. If one voted each day of the day from 7 in the morning until 7 at night, and each voter took the ballot allowed him in which to vote, 175 ballots could be cast during the day. In some districts there are 100 registered voters and 100 machines would necessarily disenfranchise more than 400 in some districts.

It is an established fact that the voters do not come in a continuous stream from the opening to the closing of the polls and that there are minutes in the day when there are no voters at all registering their votes at the polling place, which would necessitate down the number that could be cast during the day.

Commissioners suggested to the county commissioners that they make a test in the time necessitated in casting a ballot but the county commissioners decline to do so, apparently holding the belief that it was necessary for the success of the local Republican in Salt Lake county to have the machines used in the largest out-door poll of the Republican national and that would materially assist in the success of a weak county ticket, because it is difficult to scratch a ticket on machines.

DISSESSES ISSUES TO NOT OPPONENTS

(Continued from Page One.)

country and what the banks do in one of my business? It is the same thing who are servants have no right to take in the affairs of our masters very much interested in who is to have the money in the hands of the banks and that the great body of the people in this country are more interested in the control of the money who control them.

MAINE CROWDS WENT TO JOHNSON

ME, Oct. 28.—Governor Johnson today spoke in ten cities and of Maine to the largest outdoor gathering he has met during the campaign. He was met at times by thousands of people, but he insisted on his program despite the risk to his voice.

There is a replica of the sentiment in Maine and Pennsylvania," he said. "It is the same thing that is sweeping the entire land and that is going to return Roosevelt to the White House once again give us a real president who will act at all times in the interest of the people."

Johnson today used the new arguments used against the new in Maine were that the charges of corruption in the Chicago convention were not true, that the governor himself had been a California Republican in the past and that to both accusations in his speech.

He replied to the White House charge in detail and of the direct charge of him, he said.

Taft men in California had an opportunity to place electors on the ballot.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapepsin" Makes Upset Stomachs Feel Fine in Five Minutes.

If what you just ate is lumping on your stomach or lies like a lump of lead, refusing to digest, or you belch, gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure you out of order stomach and leave sufficient about the house in case someone else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out of order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too. If you ever try a little for indigestion or gastritis or any other stomach misery, get some now, this minute, and forever rid yourself of stomach trouble and indigestion. (Advertisement.)

MURDERS THREE AND COMMITS SUICIDE

Wisconsin Farmer Shoots His Wife's Father, Mother and Grandfather.

SHEBOYGAN, Wis., Oct. 28.—Alvin Roehr, 33, a farmer of Plymouth, shot and killed his father-in-law, Philip J. Ott, Mrs. Ott and Mrs. Ott's father, Fred Haut, 80, when he was refused permission to see his wife, with whom he had not been living.

Roehr's body was found today hanging to a tree in the woods about a quarter of a mile from the scene of the tragedy. It is supposed he committed suicide, fearing vengeance by a posse.

Mrs. Roehr and her baby escaped by hiding for three hours. The shooting took place yesterday, news of it reaching Sheboygan today.

When Roehr, who lived just across the road, went to Ott's home and demanded to see his wife, the grandfather answered the door, but refused the young man admittance. Roehr went home, returned with a shotgun and shot and killed Haut, Alvin and his wife came out of the door Roehr shot them also, both shots entering the breast and killing them.

The young husband next entered the house in search of his wife, but she had heard the shooting and had taken her baby and hidden in a cupboard, where she remained until Roehr left. The only eyewitness to the triple shooting was the four-year-old adopted son of Ott, who was at the milk shed. Thinking the entire family had been killed he went upstairs and hid in bed, where he was found by a physician.

Roehr's father committed suicide about five years ago. Ott was a well known stock raiser.

Prince Improving. ST. PETERSBURG, Oct. 28.—The condition of Crown Prince Alexis continues to improve, according to reports from Spain. His temperature and pulse this evening were slightly above normal.

Prisoners Released. ST. PETERSBURG, Oct. 28.—The condition of Crown Prince Alexis continues to improve, according to reports from Spain. His temperature and pulse this evening were slightly above normal.

CAN SEND MESSAGES ALL OVER THE WORLD

Uncle Sam's New Wireless Station at Arlington, Virginia, Is Completed.

WASHINGTON, Oct. 28.—Crackling and spluttering with life, the navy's new wireless station at Arlington, Va., the most powerful plant in the world, tonight flung from its lofty aerials the first message which signaled the completion of an important step in the building of a globe-girdling wireless system which will keep every ship of the United States navy and every merchant vessel within instant communication with the capital.

Wireless operators, professional and amateur, on this ship, the globe, probably had their instruments at their ears tonight straining to catch the faint buzz as the powerful apparatus spluttered out its call for Panama, Colon and the Atlantic coast navy stations.

Down in the sound-proof operating room, shielded and protected by double doors some of the navy's most expert operators directed by Lieutenant Woodworth sent out the first flashes. N-A-N, N-A-N, the call for Colon, 152 miles away, was sent hurtling through the ether. At intervals the instruments sparked off N-A-R, the call for Key West, 372 miles off. No official messages were sent, but the results of the test were noted at all stations on the Atlantic coast as well as Key West and Colon and reports on the trials will be made tomorrow.

The radius of the new plant will be about 5000 miles when it is in working order. This range, probably the scene of wireless operations, will be attained gradually and it may be weeks before the big plant is "tuned up" to its highest efficiency.

Communication with the Pacific coast will be attempted only at night for the present, but throughout the day the secretary of the navy, at his desk in Washington, will be within instantaneous communication with Colon, Navy coaling stations, and all Atlantic stations. When the plant is working perfectly and the chain of stations is completed, Washington will be in touch with Hawaii, Samoa, Guam, the Philippines and Pearl Harbor.

The completed system will cost about \$1,000,000. The sea, then, will no longer be a wilderness for the American navy. The ships with weaker equipment cannot communicate with the powerful plant at Arlington, but they may relay messages to the various stations for transmission to Washington.

INDIANAPOLIS, Oct. 28.—Conferees between Orrie E. McManigal, the confessed dynamiter, and Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, were described by E. F. Cook, a stenographer, at the "dynamite conspiracy" trial today.

The defense had maintained that Ryan never had talked to McManigal and that the entire responsibility for causing explosion in the building, known as J. J. Cook, who now lives at Charleston, Ia., was formerly employed by McManigal in Indianapolis. On August 25, 1910, he testified, McManigal came to the iron workers' office and asked for McManigal. "McManigal was out, so I told Mr. Ryan," said Cook.

"Ryan ordered me to escort the visitor into an inner office, which I did." "Did they close the door," the witness was asked.

"Yes, they closed the door and were alone in the room." McManigal had just returned from Kansas City, where he blows up part of a bridge being constructed over the Missouri river.

Cook testified that after the Los Angeles Times building was blown up, J. J. McManigal looked himself in his office and devoted himself to reading newspapers. Later, the witness said, McManigal disguised himself and started to meet J. B. McManigal, his brother, at a town in Nebraska, where J. B. was to go on his way back from Los Angeles and after bidding for two weeks in Salt Lake City.

The witness also said Ryan had knowledge of the \$100 monthly given to McManigal, but he did not know who gave it. Cook also identified a telegram sent by McManigal to Harry W. Legleiter at Pittsburgh, Pa., saying:

"Come, I will be at headquarters Monday and Tuesday." In response the witness said Legleiter, a member of the jury, was a boarder, who lives at Denver, appeared with a case which has been identified as having been made to carry a twelve-quart can of strychnine.

MR. ANDERSON DON'T WANT MONEY BACK

Popular Salt Lake City Clerk Says Plant Juice Was a Splendid Investment.

One of the most popular gentlemen in Salt Lake City is Mr. A. Anderson, whose home is 246 South State street. He is one of the thousands in this city who in the last two months have found great benefit in the use of Plant Juice. He is what he has to say regarding this new tonic:

"I can recommend your Plant Juice to everyone. It is great! First thing I have ever taken, it brought me relief from rheumatism, catarrh and stomach troubles. I have had a bad complication of these ailments and it looked at times as though I would hardly get on my feet again. I had heard a great many things about Plant Juice, but was not persuaded to take it until I was assured of my money back under your guarantee if it did not bring me relief. I don't want my money back for Plant Juice. I consider it the best money I ever spent."

For stomach, liver, kidneys and blood, for that nervous, run-down, bilious, dyspeptic, constipated condition, Plant Juice is the greatest corrective and tonic of the age. It is purely vegetable and free of harmful ingredients. Hundreds of people in this city are today testifying to the benefits of Plant Juice. If you have not tested it we want you to call today at Schramm-Johnson drug store No. 5 Third Street and Main, see the display and talk with the Pharmacists.

SWEARNS RYAN KNEW ABOUT EXPLOSIONS

Stenographer Proves Good Witness for Government in Dynamite Conspiracy.

INDIANAPOLIS, Oct. 28.—Conferees between Orrie E. McManigal, the confessed dynamiter, and Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, were described by E. F. Cook, a stenographer, at the "dynamite conspiracy" trial today.

The defense had maintained that Ryan never had talked to McManigal and that the entire responsibility for causing explosion in the building, known as J. J. Cook, who now lives at Charleston, Ia., was formerly employed by McManigal in Indianapolis. On August 25, 1910, he testified, McManigal came to the iron workers' office and asked for McManigal. "McManigal was out, so I told Mr. Ryan," said Cook.

"Ryan ordered me to escort the visitor into an inner office, which I did." "Did they close the door," the witness was asked.

"Yes, they closed the door and were alone in the room." McManigal had just returned from Kansas City, where he blows up part of a bridge being constructed over the Missouri river.

Cook testified that after the Los Angeles Times building was blown up, J. J. McManigal looked himself in his office and devoted himself to reading newspapers. Later, the witness said, McManigal disguised himself and started to meet J. B. McManigal, his brother, at a town in Nebraska, where J. B. was to go on his way back from Los Angeles and after bidding for two weeks in Salt Lake City.

The witness also said Ryan had knowledge of the \$100 monthly given to McManigal, but he did not know who gave it. Cook also identified a telegram sent by McManigal to Harry W. Legleiter at Pittsburgh, Pa., saying:

"Come, I will be at headquarters Monday and Tuesday." In response the witness said Legleiter, a member of the jury, was a boarder, who lives at Denver, appeared with a case which has been identified as having been made to carry a twelve-quart can of strychnine.

Soon after the Los Angeles explosion dynamiting plants south of the Ohio river were being planned by Orrie E. McManigal and J. B. McManigal, according to testimony of witnesses today.

LOS ANGELES, Cal., Oct. 28.—The legal fight for control of J. Ross Clark II, assumed a new phase today when J. Ross Clark, millionaire grandfather of the child, was granted a writ of review of the decision of the superior court awarding the child to its mother, Mrs. John S. Tamer, formerly Mrs. Walter Miller Clark. Arguments will be heard on the writ on Wednesday before the district court, which granted the petition of the writ today.
